

Do you have a member in your unit who currently works with or who has worked with Scouts with special needs and disabilities? It's time those individuals be recognized for their service.

The Torch of Gold Certificate recognizes individuals who have or are providing exceptional service to Scouting youth with special needs and disabilities.

Our council would like to recognize those individuals for their contributions to Scouts with disabilities. Youth and adult members who have demonstrated exceptional service to Scouts with special needs and disabilities are eligible to receive the *Torch of Gold Award*.

Requirements:

Candidates must be nominated by someone other than themselves.

They must have given at least one year of service.

They must have a current BSA registration or have been registered in the past.

For 2015 there is no deadline for this nomination.

To nominate someone for *The Torch of Gold Certificate* please fill out the *Torch of Gold* nomination form and return it to one of the following:

**Derek Dickey
Council Disabilities Advisor
